

ORGANISATIONAL MEMBERSHIP

Welcome to ReSA

ReSA brings research software communities together to collaborate on the advancement of the research software ecosystem.

ReSA organisational membership will demonstrate your commitment to international collaboration and innovation for research, by supporting the ReSA vision that research software and those who develop and maintain it are recognised and valued as fundamental and vital to research worldwide.

By joining us, you will have the opportunity to collaborate with decision makers and key influencers to create outcomes that will achieve both your goals and those of the international community.

Organisational Membership Benefits

Opportunities to:

- Collaborate with the international research software community to solve common issues
- Further the international standing of your organisation
- Gain public recognition as an Organisational Member of ReSA and use of the Organisational Member logo
- Learn and share best practice
- Promote your work to a global audience
- Broaden your reach by collaborating on ReSA projects
- Access decision makers and key influencers
- Attend global community events
- Receive regular communication

Number of employees	High income Country Not- For-Profit (USD\$)	High income Country For- Profit (USD\$)	Low/Middle income Country Not- For-Profit (USD\$)	Low/Middle income Country For-Profit (USD\$)
< 150	\$2,500	\$4,000	\$500	\$800
151-200	\$5,000	\$8,000	\$1,000	\$1,600
>250	\$12,500	\$20,000	\$2,500	\$4,000

Recent ReSA Achievements

- Influencing of national government policies through international OECD recommendations
- Creation of a community of research software funders to better coordinate global investment
- Development of COVID-19 research software sharing guidelines for policy makers, funders, publishers and the research community
- Provision of resources to raise awareness of the importance of software in research
- Facilitation of international consultation to identify community priorities
- Hosting of global community events
